### **Amendment Group 14**

The following amendment has been submitted by Oak Grove Lodge #750.

*This amendment would amend the third alternative form in the uniform Lodge bylaws.*

#### **Article 19, Third Alternative Form**

**SECTION—** When voting upon issues requiring the use of the ballot box (Petitions for the Degrees, Applications for Affiliation, Honorary or Life Memberships), if one black cube is found on the examination of the ballot, the Master shall destroy the ballot and require the members to ballot again, cautioning them that white balls elect, and black cubes reject and reminding them to vote for the good of Masonry. If a single black cube is found after the second ballot, the Master shall not immediately announce the result, but shall require the person casting the black cube to communicate his reason for the negative vote to the Master, who shall keep the identity of the person making the objection in strictest confidence. At the next stated meeting, the Master shall reveal the reason given for the negative vote, but not the identity of the member casting the black cube. The Master will then ask the lodge to vote, by a ~~show of hands~~ *written paper ballot*, on the validity of the reason for the black cube. The majority vote shall govern whether the candidate is elected. If the brother casting the black cube does not present his reasons to the Master within one week, the Master shall, at the next stated communication, declare the candidate elected and the lodge shall proceed as if there had been no black cube cast. (The subsection amended, effective January 1, 2009.)

*NOTE: This is an optional way a lodge can deal with malicious or injudicious use of the black cube during voting. It is mandatory to follow this procedure when a lodge puts this provision in its by-laws until such time as the provision is removed from that lodge's by-laws.*
